SAFETY DATA SHEET EPO-TEK® H70E-175 PMF Syringe

1. Identification	
Product identifier	
Product name	EPO-TEK® H70E-175 PMF Syringe
Product number	H70E-175
Details of the supplier of the	safety data sheet
Supplier	Epoxy Technology, Inc. 14 Fortune Drive Billerica, MA 01821 USA (978) 667-3805 (978) 663-9782 www.epotek.com, SDS@epotek.com
2. Hazard(s) identification	
Classification of the substance	ce or mixture
Physical hazards	Not Classified
Health hazards	Acute Tox. 4 - H302 Skin Irrit. 2 - H315 Eye Dam. 1 - H318 Skin Sens. 1 - H317 STOT SE 1 - H370
Environmental hazards	Aquatic Chronic 3 - H412
Label elements	
Hazard symbols	
Signal word	Danger
Hazard statements	H302 Harmful if swallowed. H315 Causes skin irritation. H318 Causes serious eye damage. H317 May cause an allergic skin reaction. H370 Causes damage to organs . H412 Harmful to aquatic life with long lasting effects.
Precautionary statements	 P280 Wear protective gloves/ protective clothing/ eye protection/ face protection. P301+P310 If swallowed: Immediately call a poison center/ doctor. P302+P352 If on skin: Wash with plenty of water. P305+P351+P338 If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P308+P311 If exposed or concerned: Call a poison center or doctor. P501 Dispose of contents/ container in accordance with national regulations.
Contains	Epoxy Phenol Novolac, Substituted Imidazole, Reactive Diluent, Reactive Diluent, Polar Activator

3. Composition/information on ingredients **Mixtures Epoxy Phenol Novolac** 10-30% CAS number: 9003-36-5 Classification Skin Irrit. 2 - H315 Eye Irrit. 2A - H319 Skin Sens. 1 - H317 Aquatic Chronic 2 - H411 10-30% Substituted Imidazole CAS number: Proprietary Classification Acute Tox. 4 - H302 Skin Irrit. 2 - H315 Eye Dam. 1 - H318 STOT SE 3 - H335 **Epoxy Novolac Resin** 5-10% CAS number: Proprietary Classification Acute Tox. 4 - H332 Skin Irrit. 2 - H315 Eye Irrit. 2A - H319 **Reactive Diluent** 5-10% CAS number: Proprietary Classification Acute Tox. 4 - H302 Acute Tox. 4 - H312 Acute Tox. 4 - H332 Skin Irrit. 2 - H315 Eye Dam. 1 - H318 Skin Sens. 1 - H317 **Reactive Diluent** 1-5% CAS number: Proprietary Classification Acute Tox. 4 - H302 Eye Dam. 1 - H318 STOT SE 3 - H336

Description of first aid measures Inhalation Move affected person to fresh air at once. Rinse nose and mouth with water. Get medical attention if any discomfort continues. Ingestion Never give anything by mouth to an unconscious person. Do not induce vomiting. Rinse mouth thoroughly with water. Get medical attention if any discomfort continues. Skin Contact Remove affected person from source of contamination. Remove contaminated clothing. Wash skin thoroughly with scap and water. Get medical attention if any discomfort continues. Eye contact Remove affected person from source of contamination. Remove contaminated clothing. Wash skin thoroughly with scap and water. Get medical attention if any discomfort continues. Eye contact Remove affected person from source of contamination. Remove contaminated clothing. Wash skin thoroughly with scap and water. Get medical attention if any discomfort continues. Most important symptoms and effects, both acute and delayed General information Causes damage to organs . Inhalation Gas or vapor in high concentrations may irritate the respiratory system. Inhalation of dust during cutting, grinding or sanding operations involving this product may cause irritation of the respiratory tract. Ingestion Harmful if swallowed. May cause chemical burns in mouth, esophagus and stomach. May cause stomach pain or vomting. Skin contact Causes serious eye damage. Indication of immediate medical attention and special treatment needed

	Protective actions during firefighting	

Special protective equipment for firefighters	Wear positive-pressure self-contained breathing apparatus (SCBA) and appropriate protective clothing.
6. Accidental release measure	IS
Personal precautions, protectiv	ve equipment and emergency procedures
Personal precautions	Wear protective clothing as described in Section 8 of this safety data sheet.
Environmental precautions	
Environmental precautions	Avoid release to the environment. Do not discharge into drains or watercourses or onto the ground.
Methods and material for cont	ainment and cleaning up
Methods for cleaning up	Stop leak if possible without risk. Absorb in vermiculite, dry sand or earth and place into containers. Flush contaminated area with plenty of water. Avoid the spillage or runoff entering drains, sewers or watercourses.
Reference to other sections	For personal protection, see Section 8.
7. Handling and storage	
Precautions for safe handling	
Usage precautions	Handle all packages and containers carefully to minimize spills. Avoid contact with skin and eyes. Wear protective clothing as described in Section 8 of this safety data sheet.
Advice on general occupational hygiene	Provide eyewash station. Do not eat, drink or smoke when using this product. Wash promptly with soap and water if skin becomes contaminated. Wash after use and before eating, smoking and using the toilet. Wash contaminated clothing before reuse. Use appropriate skin cream to prevent drying of skin.
Conditions for safe storage, in	cluding any incompatibilities
Storage precautions	Store at -40°C. Keep container tightly sealed when not in use.
Storage class	Chemical storage.
Specific end uses(s)	
Specific end use(s)	The identified uses for this product are detailed in Section 1.
8. Exposure controls/Personal protection	
Control parameters	
Occupational exposure limits	
Polar Activator	
Long-term exposure limit (8-hour TWA): ACGIH 200 ppm Short-term exposure limit (15-minute): ACGIH 250 ppm ACGIH = American Conference of Governmental Industrial Hygienists.	
Exposure controls	

Exposure controls

Protective equipment

Appropriate engineering controls

Provide adequate general and local exhaust ventilation.

Eye/face protection

Wear tight-fitting, chemical splash goggles or face shield.

Hand protection	It is recommended that chemical-resistant, impervious gloves are worn.
Other skin and body protection	Wear appropriate clothing to prevent any possibility of skin contact.
Hygiene measures	Provide eyewash station. Do not smoke in work area. Wash at the end of each work shift and before eating, smoking and using the toilet. Promptly remove any clothing that becomes contaminated. Use appropriate skin cream to prevent drying of skin. When using do not eat, drink or smoke.
Poopiratory protoction	If ventilation is inadequate, outable rearritatory protection must be warn

Respiratory protection If ventilation is inadequate, suitable respiratory protection must be worn.

9. Physical and chemical properties

Information on basic physical	and chemical properties
Appearance	Paste.
Color	Grey.
Odor	Mild.
Odor threshold	No specific test data are available.
рН	No specific test data are available.
Melting point	No specific test data are available.
Initial boiling point and range	No specific test data are available.
Flash point	> 93°C
Evaporation rate	< BuAc
Evaporation factor	No specific test data are available.
Flammability (solid, gas)	No specific test data are available.
Upper/lower flammability or explosive limits	No specific test data are available.
Vapor pressure	No specific test data are available.
Vapor density	> 1
Bulk density	No specific test data are available.
Solubility(ies)	No specific test data are available.
Partition coefficient	No specific test data are available.
Auto-ignition temperature	No specific test data are available.
Decomposition Temperature	No specific test data are available.
Viscosity	No specific test data are available.
Other information	None.
10. Stability and reactivity	
Reactivity	The following materials may react violently with the product: Strong oxidizing agents.
Stability	Stable at normal ambient temperatures and when used as recommended.

Possibility of hazardous reactions	May polymerize.
Conditions to avoid	Avoid excessive heat for prolonged periods of time.
Materials to avoid	Strong oxidizing agents.
Hazardous decomposition products	Thermal decomposition or combustion products may include the following substances: Carbon monoxide (CO). Carbon dioxide (CO2).
11. Toxicological information	
Information on toxicological eff Acute toxicity - oral	fects
ATE oral (mg/kg)	1,669.87
Acute toxicity - dermal ATE dermal (mg/kg)	9,759.73
Acute toxicity - inhalation	
ATE inhalation (gases ppm)	29,525.58
ATE inhalation (vapours mg/l)	97.6
ATE inhalation (dusts/mists mg/l)	7.77
General information	Causes damage to organs .
Inhalation	Gas or vapor in high concentrations may irritate the respiratory system. Inhalation of dust during cutting, grinding or sanding operations involving this product may cause irritation of the respiratory tract.
Ingestion	Harmful if swallowed. May cause stomach pain or vomiting. May cause chemical burns in mouth, esophagus and stomach.
Skin Contact	May cause sensitisation by skin contact. Irritating to skin.
Eye contact	Causes serious eye damage.
Target Organs	Eyes Central nervous system Respiratory tract Gastro-intestinal tract
12. Ecological information	
Ecotoxicity	Toxic to aquatic life with long lasting effects.
Acute aquatic toxicity Acute toxicity - fish	No information available.
Persistence and degradability	
Persistence and degradability	No data available.
Bioaccumulative potential	
Bio-Accumulative Potential	No information available.
Partition coefficient	No specific test data are available.
Mobility in soil	
Mobility	No data available.

Other adverse effects	
Other adverse effects	Not known.
13. Disposal considerations	
Waste treatment methods	
General information	Dispose of waste to licensed waste disposal site in accordance with the requirements of the local Waste Disposal Authority.
14. Transport information	
General	The product is not covered by international regulations on the transport of dangerous goods (IMDG, IATA, DOT).
UN Number	
UN No. (International)	Not applicable.
UN No. (DOT)	Not applicable.
UN proper shipping name	
Proper shipping name (International)	Not applicable.
Proper shipping name (DOT)	Not applicable.
Transport hazard class(es)	
Transport Labels (International)	No transport warning sign required.
DOT transport labels No transport warning sign requ	uired.
Packing group	
Packing group (International)	Not applicable.
DOT packing group	Not applicable.
Environmental hazards	
Environmentally Hazardous Se No.	ubstance
Special precautions for user	
Not applicable.	
DOT reportable quantity	Not applicable.
DOT TIH Zone	Not applicable.
Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code	Not applicable.
15. Regulatory information	
Regulatory References	Proprietary information protected pursuant to WTO's Agreement on Trade-Related Aspects of Intellectual Property Rights (TRIPS), Section 7, Art. 39.
