

REGULATORY COMPLIANCE STATEMENT

July 22, 2019

Dear Valued Customer:

Epoxy Technology, Inc. hereby certifies that EPO-TEK® brand products are in full compliance with the following Directives and Regulations:

- **EU Directive 2015/863/EU of 31 March 2015 (RoHS)** amending Annex II to **EU Directive 2011/65/EU of 8 June 2011** on the restriction of the use of certain hazardous substances in electrical and electronic equipment – Restriction of Hazardous Substances (**RoHS**) List of Controlled Substances - Lead, Mercury, Cadmium, Hexavalent Chromium, Polybrominated Biphenyls (PBB), Polybrominated Diphenyl Ethers (PBDE), Bis(2-Ethylhexyl) phthalate (DEHP), Benzyl butyl phthalate (BBP), Dibutyl phthalate (DBP) and Diisobutyl phthalate (DIBP) with no exemptions.
- **Commission Decision of 18 August 2005 Amending Directive 2002/95/EC** of the European Parliament and of the Council for the purpose of establishing the maximum concentration values for certain hazardous substances in electrical and electronic equipment (2005/618/EC).
- **EC Regulation No 1907/2006 of the European Parliament and of the Council of 18 December 2006*** known as **REACH** (Registration, Evaluation, Authorization, and Restriction of Chemicals) including the SVHC List, current edition.
*except AP-100, EJ2312 and the 302, OJ2145 and OM125 product families [except EPO-TEK® 302-3M-R].

Based upon our knowledge of the manufacturing processes and the raw materials utilized, the restricted substances proscribed above are not expected to be present in our final products in levels exceeding the limitations set forth in the above regulations. Testing is available from Epoxy Technology, Inc. for a fee.

In addition:

- **OSHA Hazard Communication Standard 29 CFR 1910.1200** Epoxy Technology, Inc. adheres to the requirements of this Standard regarding hazard classification, labeling, Safety Data Sheets (SDS), information and training.
- **Section 1502 of the Dodd-Frank Wall Street Reform and Consumer Protection Act** ("Conflict Minerals Trade Act") – Pursuant to information supplied by our Raw Material Suppliers, no materials are derived from or sourced from mines in the Democratic Republic of Congo (DRC) or adjoining countries.
- **Sony Green Partner** Epoxy Technology, Inc. is a certified Sony Green Partner manufacturer. EPO-TEK® brand products comply with Sony's Management Regulations for Environment related Substances to be Controlled (**SS-00259**, current edition).
- **Management Methods for the Restriction of the Use of Hazardous Substances in Electrical and Electronic Products of January 21, 2016** - at this time, none of our products fall directly into the scope of this "China RoHS 2" legislation. When incorporating any of our epoxies into a product that may be in scope, we can confirm that EPO-TEK® brand products do not contain lead, mercury, cadmium, hexavalent chromium, polybrominated biphenyls (PBB) or polybrominated diphenyl ether (PBDE).
- Epoxy Technology does not test its products for **UL certification**. **Underwriters Laboratories (UL)** tests and certifies product safety for a number of industries including food/drinking water, consumer appliances and electronics, AC/HV systems, etc. UL certification is only required for a completed device. While components such as adhesives can be tested, testing is by no means required or a condition of product safety.

Epoxy Technology identifies all hazardous materials contained in our products on each individual product SDS. SDS's are available on our website – www.epotek.com.

We appreciate your business.

Sincerely, 
Andrew R. Horne - President / COO
